CRAFTED BY THE GLOBALLY ACCLAIMED ARCHITECT - HADI TEHERANI

In the words of Iranian-German architect Hadi Teherani, "Atmosphere is an ultra-modern, bold and luxurious residential project." Hadi Teherani has been honoured with international accolades like FIABCI Award, MIPIM Awards, LEAF Award, CityScape Award and ARX Award. Being a global thought leader in design and architecture, he believes in exceeding boundaries. At Purva Atmosphere, the first in the WorldHome collection, he has truly redrawn the boundaries of living. It's not just a home but an icon of excellence.

THE BREEZE IN THE FOREST SPREADS EVERGREEN BLISS

It is said that nature is not a place to visit. It is home. Standing protectively between Purva Atmosphere's majestic towers and the world outside is a beautiful forest. Surprised?

It's a unique Japanese tree-plantation practice called The Miyawaki Method. With over 75 species of carefully curated trees which includes - aroma trees, medicinal trees, fruit and flower bearing trees, this is a botanical experience in itself. According to this method, plants grow 10 times faster and provide 30 times greener surface area. Being 100% organic, The Miyawaki forest brings serenity to life.
